Landscape Maintenance Crew #1 Service Schedule

Monday	Wednesday
Tuesday	Thursday

Landscape Maintenance Crew #2 Service Schedule

Monday	Wednesday
--------	-----------

Please refer to map and color coded outlines that show what days of the week each section of the community is serviced.

Within each individual (color coded area) section we divide the area into four quadrants. Each service day we service one quadrant, and cycle through all quadrants by the end of the month.

Note: Schedule and service areas may change depending on the needs of the landscape within the entire community
